

Matt Kallroos, Regional Development Planner

Matt Kallroos is responsible for facilitating community development and transportation projects, including comprehensive planning and prioritized implementation planning. He serves on the advisory committee for the One Watershed – One Plan and works with communities to develop and implement Safe Routes to Schools plans.

Matt holds a Bachelor of Arts degree in Planning and Community Development from St. Cloud State University. Prior to accepting this position Matt worked for the City of Brainerd as their Planning Intern. During his internship he helped with Brainerd's upcoming comprehensive plan update, as well as assisted staff with project research, data collection, and preparation.
