

Swanville

City of Swanville Community Survey

The City of Swanville is undertaking Energy and Environment planning, and will implement a \$10,000 or more grant-funded project(s) in 2022. We need your good ideas! This survey should take less than 10 minutes. We truly appreciate your time and invaluable input.

1. Rate your feelings about the following statements.

| | Strongly Agree | Agree | Neutral | Disagree | Strongly Disagree |
|---|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| The City of Swanville's population should increase. | <input type="radio"/> |
| City of Swanville drinking water is high quality. | <input type="radio"/> |
| Lakes and rivers in and around the City of Swanville are clean, accessible and enjoyable for residents and visitors. | <input type="radio"/> |
| The City of Swanville offers excellent recreational opportunities with quality parks, bike trails, water access, etc. | <input type="radio"/> |
| Alternative modes of transportation, such as walking and biking, are important. | <input type="radio"/> |
| The City should offer charging infrastructure to encourage the use of electric vehicles. | <input type="radio"/> |

2. Rate the following statements according to the scale.

| | Do All the Time / Very Easy | Do Sometimes / Easy | Do on occasion / Somewhat difficult | Don't Do very often / Difficult | Don't Do at all / Very Difficult |
|--|--------------------------------|------------------------|--|------------------------------------|-------------------------------------|
| Get rid of household garbage. | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Separate yard and/or food waste and compost it. | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Dispose of hazardous waste like paint or motor oil according to county requirements. | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

3. Which projects should the City of Swanville advance over the next five years related to water, land and food, energy, waste, and storm events, if any (choose top 3)?

- Improve storm water systems in case of flooding.
- Provide City-operated community safe space for extreme weather.
- Improve City water quality, drinking or surface (i.e., rivers, lakes).
- Improve or expand walking and biking zones, including sidewalks.
- Improve City waste infrastructure (recycling, composting, hazardous waste, etc.).
- Plant more trees or other greenery.
- Reduce City energy consumption, saving money.
- Generate City power with renewables like wind or solar.
- Other (please specify)
- None of the above
